Sir:

In accordance with the duty of disclosure as set forth in 37 C.F.R. § 1.56, applicants hereby cite certain documents identified in an Official Action issued by The Patent Office of the People's Republic of China on May 11, 2007, concerning the corresponding Chinese patent application in conformance with the provisions of 37 C.F.R. §§1.97 and 1.98. A copy of the Official Action and an English translation thereof are attached hereto.

Pursuant to 37 C.F.R. § 1.98, a copy of each of the documents cited is enclosed.

The following comments are offered with respect to the cited documents.

JP 11-045892 is in Japanese. An English-language abstract and patent family search is provided herewith. It is noted that two of the English-language equivalent family members were previously cited in the present application, i.e., U. S. Patent No. 6,468,902 B2 was cited by the Examiner in the Official Action dated March 17, 2004; U. S. Patent Application Publication No. 2001/035580A1 was cited by applicants in the First Information Disclosure Statement filed on September 30, 2003.

JP 2003-312049 is in Japanese. An English-language abstract and patent family search is provided herewith. According to the patent family search, there does not appear to be any English-language equivalent available.

The documents are being submitted after the close of prosecution but prior to, or concurrently with, the payment of the issue fee, therefore under 37 C.F.R. § 1.97(d) a statement and the fee set forth in 37 C.F.R. § 1.17(p) are enclosed.

I, the undersigned, hereby state in accordance with 37 C.F.R. § 1.97(e)(1) that each item of information contained in this Information Disclosure Statement was first cited in any

communication from a foreign patent office in a counterpart foreign application not more than three (3) months prior to the filing of this Information Disclosure Statement.

This submission does not represent that a search has been made or that no better prior art exists; and does not constitute an admission that each or all of the listed documents are material or constitute "prior art". If the Examiner applies any of the documents as prior against any claim in the application and Applicants determine that the cited documents do not constitute prior art under U. S. law, Applicant(s) reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

To assist the Examiner, the documents are listed on the attached form PTO-1449. It is respectfully requested that an Examiner initialed copy of this form be returned to the undersigned.

Respectfully submitted,
